

Digging Deeper Questions for Reflection (and Discussion)

We invite you to take the Sunday Bible reading and consider these questions in regards to it. You may do this individually, with two or three others or more!

(As always, your pastors are willing and able to talk with you further about any of these questions.)

1. What did you like about John 1: 43-51?

2. What didn't you like?

3. How does where someone is from impact how you evaluate and treat them?

4. What does having access to eternity mean to you?

5. If you were to take what you learned about God and apply it to something in your life this week, what would that look like?
